Mr. Roach and Mr. Zalaskus:

Enclosed for your records are copies of the Final **Remedial Investigation Report Military Munitions Response Program (MMRP) Remedial Investigation Picatinny Arsenal**.

A tracked-changed version of the report specifically Chapter 9 was approved by the EPA via a September 17th email as well as a May 21st 2014 email accepting a tracked-changes version based on the first iteration of comments.

NJDEP provided acceptance of the revisions via a May 30th email from Jim Pastorik and concurrence on the remaining issue on the Shell Burial Ground by Greg Zalaskus.

I would appreciate a letter providing an approval by your respective agencies.

Sincerely,

A handwritten signature in blue ink that reads "Ted Gabel".
