

## OUTDOOR RECREATION APPOINTMENTS AVAILABLE FOR CUSTOM INSOLES

### **Spring is nearing... Take Care of your aching feet**

Outdoor Recreation now provides the service of custom Superfeet premium insoles at discounted prices. Insoles are great for relieving pain and discomfort caused by unsupported feet during everyday activities, sports, and work. Inserts are appropriate for daily shoes, exercise shoes, & hiking boots.

**SPECIAL NOTE TO SKIERS!** We encourage spring season fittings for cork inserts. Limited staff makes winter rush for inserts difficult. NOW IS THE TIME! Act early and you will not struggle with lack of appointments before or during ski season. (We need your ski boots for 1-3 days!) Our ski insoles are made of real cork to give you the ultimate personalized fit for maximum support, power transmission, and edge control.

Appointments avail for custom fitting: Wed & Thurs. 0830 & 0915.

Please email [christopher.w.brown2@us.army.mil](mailto:christopher.w.brown2@us.army.mil), Outdoor Recreation to schedule

You will have your completed inserts in 1-3 days.

Costs: Custom (daily wear): \$65 & Cork (ski): \$95
